### YOUR EXECUTIVE DIRECTOR CALLING

By JUDY HOLLAND

**Judy Holland** 

Our Dearest Friends:

Once again, it is with a heart full of appreciation and gratitude that I wish to thank each and every one of you who attended our Building Fund Ball and worked side by side with us on our Journal for seeing that truly "everything is coming up roses" for our Hope School children.

To Minka Hinden, Harriet Geller, and our beloved Mr. and Mrs. Resnick, we owe a heartful of thanks for their untiring efforts in

succeeding in making the Hope School Journal the most successful and beautiful one ever printed in the Miami area. To the Chapter Chairmen and their committees, a great bouquet of roses in accomplishing so much in behalf of our children.

The dinner dance itself was a night we'll never forget and this in part was due to the efficiency and sincerity of Ruth Stanilei, who served as over-all ticket chairman. I would also like to put a rose on Anne Kasselman and Minka Hinden, and Fay Rosenthal and Harriet Geller who worked so diligently on decorations to develop the theme of ruses for our ball. The chapter chairmen handled their ticket sales most efficiently and this was a great contribution to our evening. Special thanks to Mr. Julius Resnick for the most beautiful favors that were ever given at a dinner dance and also our gratitude and thanks to Orchid Patio for supplying the roses that helped complete our evening. To Judy Drucker and her mother, Lillian Nelson, another bouquet to say thank you for the musical accompaniment of the evening.

Please forgive me if I have omitted any names in saving our thank you's but my enthusiasm and joy make it difficult to put the words in my heart into the black and white reality of paper and pen.

Yes! Everything Is Coming Up Roses for the Hope School children, thanks to you!

APRIL 13-Regular Board meeting of North Miami Beach Chapter.

APRIL 20-Regular membership meeting, North Miami Beach Chapter. Awards and trophies for Bowling Team members to be presented.

Apan. 7-Kaffe Klatch and card party, Washington Federal Bank Auditorium, 699 N. E. 167th Street, North Miami Beach. Doris Davis, Chairman of the affair, under the auspices of the North Miami Beach Chapter. There will be door prizes and table prizes

Keep in touch for the following important dates: Installation of the Officer and Board members of Hope School and its Chapters, and the dedication of the new Hope School building.

### Thank You, Southwest Civitan Club

By having joined as a member of our scholarship sponsors, you have assured a mentally retarded child of a chance in the world. We have always been proud of the cooperation shown by the Civitan Club and their many kindnesses have been of great help to us. The interest shown by the Southwest Civitan Club has been especially heartwarming and they do truly exemplify the creed of the Civitan Clubs all over the world.

We at Hope School are doubly blessed by having one of your outstanding Civitans, the Chairman of your Citizenship

### The Hollywood **Chapter Story**

NOTE FROM PRESIDENT: (A promise fulfilled, and this is just the beginning of our baby Chapter. Congratulations!)

#### The Promise

(In this setter received by our Executive Director on February 3, 1964)

Dearest Judy:

Just a note to tell you how much we all enjoyed our visit to Hope School. I am sure that I speak for all of us when I say it was most enlightening and delightful. We came back so enthused, we decided to meet here this afternoon in order to plan a fund-raising function. We cleared a date for February 18, Tuesday evening, for a card party to be held at Temple Beth-El, 1351 South 14th Avenue, Hollywood, Florida. We hope to raise quite a bit of money.

CEIL ROBBINS

The Fulfillment: (On February 24, this letter was received at Hope School)

Dear Judy

On behalf of Hollywood Chapter, we are delighted to enclose herewith a check in the amount of \$250.00 as a contribution to the school. This is the proceeds of the card party that was held on February 18. It is our intention that this be the beginning of many more financial successes so that Hope School may be benefitted. We send our love and admiration.

CEIL ROBBINS

President, Hollywood Chapter

It is work like this that gives those who are laboring so hard for Hope School the courage to carry on. The President, the Board, our Executive Director, we all say thanks a million to the Hollywood Chapter. Continue the good work for we need your help so badly.

Committee, as a member of Hope School's Board of Directors That man is Civitan Bernie Landers. We are very proud of him. To President David Rice and through him to the entire membership of the Southwest Civitan Club, I wish to express our gratitude and thanks for all the nice things you have done for Hope School and its children, and extend to each of you an invitation to visit our school and meet the children.

#### REPORT BY MEMBERSHIP CHAIRMAN ... MARGARET B. FARRIS

#### 'Ray of Sunshine'

Your radiant smile and laughter makes all our worries "Shoo" Your sweet ways-That's "Our Judy."

All your pleasant ways—all you do makes and brightens even the dullest and dreariest days—

May God bless you sad keep you for many, many years ahead. May he grant you life privileges, And keep bringing sunshine into the lives of those who love you.

Similes are not rationed they cost nothing, but create much that's "Our Jady

Smiles create happiness and good will. Smiles cannot be

bought, begged, borrowed or stolen for they are something that is of no earthly use to anyone until they are given away.

We, of Hope School, everyday cannot belp but count our blessings and realize how very fortunate we are in having "Our Judy" at the helm. Won't you, as a member of Hope School stop in and see your new school and is a flash you will know what I mean is a "Ray of Sunshine" that "Our Judy" has created. We need your support more than ever for we have more children to care for and our expenses are chinbing. The childiren's welfare depends on you so don't let them down. Tell friends about Hope School and don't be just

## HAND ANGELS CHAPTER STORT STORES

WE APPLAUD all our Angels for their part in making the Dinner Dance and Ad Journal the successes they were. Very special thanks go to Ruth Stambler for a magnificent job as Over-all Ticket Chairman for the Dinner Dance. With the tremendous demand for tickets this year, we can all appreciate the amount of time and work Ruth put in. Helping Ruth at the door, and helping to see that all ran smoothly were Grace Rhodes, Evelyn Ritchie, and Mildred Reinfeld.

The Ad Journal this year is truly beautiful. And special thanks here, too, to Ada Gordon, Chairman for Angel Chapter, and her cooperative Committee—Jay Neross, Hannah Schoeman, Vivian Lyons, Sis Benjamin, and Kappi Medist. We're so proud of our Angel Women of Merit (those who brought in more than \$500 worth of ads)—Mrs. Julius Resnick, Harriett Geller, Dorothy Cohen, Minka Hinden, and Mitzi Stallman.

To the Over-all Journal Committee we say thanks for a great job, and we especially point with pride to Angel's own Harriett Geller. Harriett deserves a very special round of applause. And let's not forget to thank our own Ida Katz, Corresponding Secretary for the Journal.

And to Minka Hinden, the Journal Editor, a bouquet of verbal posies. Minka's technical and artistic know-how have made the Ad Journal outstanding. Everyone connected with Hope School is, and rightly should be, very proud of the Ad Journal this year.

DONOR LUNCHEON: Our Donor Luncheon this year will be held on Saturday, April 18th, in the Mona Lisa Room of the Eden Roc. The very popular Patsy Abbott will entertain. This promises to be an outstanding affair this year. IMPORTANT NOTE: Only pair up members will be invited to attend. We repeal, due, must be paid up to date, or you cannot attend this donor huncheon. Outside guests, non-members of Angel, will be charged \$10 to attend. If you plan to invite guests to this luncheon, pleas contact Grace Rhodes and let her know how many.

We salute our new Life Members Jenny Lundy, Bertha Cohen, Goldie Cohen, Mrs. M. Myerhoff, Reba Germaine, Helen Stanfels and Anna Chuker.

Congratulations to new grandmother, Hilds Harris. Our sincere get well wishes to Fay Davis, Julia Delson, Flo Marsel, and Sarah Cohen.

This is a good time to remand you to contact Sunshine Chairman Alice Styne at 865-9869.

Looking ahead, we're planning a raffle this summer, with the drawing planned for next Valentine's Day. Raffle books will be available at the next function-meeting. It's a nice idea to take these along with you'll you're leaving town for vacation. We've been gaining quite a few out-of-town friench through our Angels who spread the Hope School manage while vacationing.

"The success of Hope School lies not in its new building, but in your hearts."

If you will the end, you must will the mean. Not quite ten years ago, a small group of rensarkable people gathered together for a remarkable reason. They proposed to translate simple faith into a blueprint of realization. They were intent on becoming a part of something that many had said was impossible. Anything new is hard to figure out; any new approach to any problem that has at one time been given up is viewed with doubt.

Before the skeptical eves of the watching community, a handful of dedicated souls, composed of both laymen and professionals created an instrument of hope and called it

the Children's Mental Research Foundation. It is now better known as "Hope School." From a skeptical glance, the gaze at Hope School has changed to one of adoration and, at times, astonishment at the progress that has been made. If you seek out the reason for the growth, you will find that the following is true in the history of Hope School. One, among our dedicated workers, there is no wish superior to that of promoting the happiness and welfare of not only the retarded child at Hope School, but wherever and whenever we can be of help, and with service as the goal, they all stand ready to serve Hope School in whatever capacity it might require and which they are fit for Secondly, "If you will the end, you must will the means." There must be no wooden souls among us, and from the intoxicating order of things in the not-far-distant past, in our service to the mentally retarded child, we have become the human link and what happens to our Hope School children happens to m. As for me. I almost said no about seven years ago when asked to join up with the Hope School Since then. I can sincerely attest to the fact that I have given a mighty small amount of time to spend for a iniracie. How School exists from need to need and want to want, but it all adds up to the miracle on S. W. 4th Street in the City of Miami, our new Hope School, Soon, 150 happy retarded children for whom there is hope will hive there.

It is a mysterious miracle; vous cannot see anything happen, but inside those children it is taking place, for our children, every night when they go to bed, wonder what adventure tosnorrow will bring. For them it will be a new morning, the jny of a fine day, the thrill of a swing, the laughter of their grown up friends and a fresh day of discovery. And the greatest adventure of all, they have become aware of themselves.

Contemplate for just one moment one of a hundred miracles that have happened at Hope Schuol that gladdens the heart and for which I thank God for the devoted workers who made it possible. At first plance, it may seem a small thing to you, but remember, it represents many hours of patience, love and understanding. Not so very long ago, many of our children had to be fed. Today they feed themselves. It took munths and a hundred spilled glasses before they could drink by thenselves. To me, our children at Hope School are the bravest and most exciting in the world.

will entinue to be the focal point of the watching eves of our community and skepticism has vielded in a large part to the hope that we may principle and extend the immortal has been able to the inherited by others. We need ance to the principles and ideals which constitute that dream. We need to train to succeeding generations the some of dedication and if our una hers in all our Chapters in our mina. We assist, above all, from time to time, revitables the

### SHEEP THE DECORATION 29, 30 and 31 KEEP THE DECORATION DAY WEEK-END

Three Big Fun-Filled Weaderful Days at the Fabulous Bartelana Metel. Miami Boach

Plans are now being formulated for the most fabulous weak-end ever for Hope School Chapter members, their families and friends—two nights, three days of excitement for all of Hope School's loyal supporters and friends, climaxed with Hope School's annual installation. If you have been a friend of Hope School, you know they aever do anything half way, and for this affair, we are going all-out, helieving that nothing is too good for supporters of Hope School. We'll leave no stone unturned to make this occasion one you will never forget.

The following is just a part of the Magic Formula by which we hope to have you formulate your plans to have your family and your friends spend the Decoration weekend with the Hope School family at the fabulous Barcelona Hotel on the ocean at 43rd to 44th St., Miami Beach.

- Two nights, 3 days in an ocean front or ocean view room, air-conditioned. Come any time Friday, May 29. Check ant Sunday evening, May 31.
   Five well-balanced meals, traditional Friday night din-
- ner, brealdest Saturday morning, Installation Band Saturday night preceded by cochtail hour, 6:30-7:30
- in the Hospitality Room, this as a guest of Hope School. Sunday breakfast and guing away dinner.

  3. Use of cahana, planned entertainment, special pro-
- 4. Surprises and sarprises including entertainment games, prizes, all of which are now being formulated by the committee

The cout is \$22.50 per 2 in a mom. Children under 12 ao charge for room; \$9.50 for meals for the three days. Children to share room with parents.

For claidren over 12, and teen-agers, the charge will be \$18 00 per for room and ments, two in a room.

For those who do not wish to take advantage of the wonderful weeh-end, but with to attend the cocktail hou

and Installation Banquet on Saturday, May 30, the charge will be \$7.50 per person, gratuities included. We will keep you informed of developments of our program but advise early reservation to receive the best accommodations. A \$10 deposit will reserve your reservation.

Co-Chairmen for this affair—Mrs. Sig (Rose) Eisen-

berg and Mrs. Leo (Sis) Benjamin

For reservations or further information, call your Chapter Chairman or Rose Einenberg at FR 4-4245. Sin Benjaman at NA 1-2123, Hope School, FR 4-8129, Let us all get together to make this affair really a wonderful one. cement old friendships, create new ones. Make checks payable to Hope School. It is tax deductible.

### RUTH STAMBLER

It is with great pride that we publish the picture of Ruth Stambler, one of our unsung heroines. She was given a most difficult assignment to carry out in conjunction with our mont successful Building Fund Ball. She wasted no time getting down

to business and did not stop until the curtain went up and the show was on. Then she cook a breather and went right back to her task of winding up her aaugnment.

Your President has watched this unanummg but attractive girl go about her duties calmly with such a deep feeling of dedication that nothing could make her take her eves off the road that led to the target that she was after, the benefitting of our children at Hope School. We need

I, as President of Hope School, am proud to salute you, Ruth, and I know that I speak for all who have Hope School at heart when I say God love you, Ruth, and thanks a million.

Abe Goldman, a member of the Board of Directors of Hope School, as returng from his position with the Carv of Miami to accept an equally important and more difficult position with the State of Florida. His emphyment as Community and Public Relations Officer for the newly arroted Dade County Sunland Tramme School for Retarded Chiddren to be erected in Miami win offcoully announced by the Treasurer Edward Larson.

We of Hope School wish you the best. We know you will do a good job.

The following is a report of what the Mtami News on its editorial page had to say about Abe. "We regret

that Abe S. Goldman has decided to retire as an emplayer of the City of Miami. First and only Director of the Canaera Service Bureau since it was created in 1949. Mr Goldman has received, investigated and answered thousands upon thousands of queries and complaints hum the ritiers of Miami. Last year the selephian calls in Mr. Goldman's omce totaled 7,200, while 1900 perwms heat a path m his door. He has performed many valuable servana at the request of the City Commissioners and nine City Managers during the past fifteen years. Mr. Goldman will be difficult in replace. We hope this will not mean the end of the Citizens Service Bureau,

Dear Parent:

The Hope School PTA will hold its regular meeting, Thursday, April 18, 1964. at the new Hope School Building, at 8 00 P. M.

Please plan to be there. Due to the Holidays, we have moved the meeting day to Thursday, for this meeting only.

We are looking forward to your being there.

Yours truly,

MALCOLM McCANN, President, PIA

### Thank You! Medley Police Benevolent Association

Dear Mr. Gibbons:

It gives me great pleasure to extend a personal invitation to you to join with me in serving on the Board of Trustees of the CITY OF HOPE, of which I have the honor of being Chairman.

This Board, which consists of community leaders of proven stature, assists in furthering the program of patient care, research and medical education in the fight against catastrophic diseases at this world-renowned Medical Center. Recognizing that leading businessmen and public-spirited individuels are limited in their time, the Board meets formally only once a year and members can serve on committees at their discretion. During the year its members are kept apprised of new developments at the CITY OF HOPE, and it is to them that we look for guidance and advice in achieving stirring and farsighted objectives for the benefit of mankind.

May I have the pleasure of your early acceptance to serve with me in this rewarding and productive association.

My deepest thanks for your gracious cooperation.

cordially,

Goodwin J. Kni

Of St. Louis

## AWARD LENNER

ON BEHALF OF CITY OF HOPE NATIONAL MEDICAL CENTER

October 17, 1963

Mr. Harold Gibbons
Taamstera Union
1641 S. Kingahighway
St. Louis, Mo. 63110

Dear Mr. Gibbons:

For publicity purposes and for the immediate printing of our invitations, it is most essential that we have by return mail the following information.

- I. Your exact title or titles as you wish it printed on the invitation.
- 2. Two copies of your biography.

There are so many details that must be taken care of and although I have previously asked for this information to date we have not received it and if we are to keep all events running smoothly it is most essential that we do have this information. The printing of the invitations is being held up awaiting your exact title or titles.

Also to date we have not received any names of your employers who would be prospective buyers of tickets or tables for the dinner. I am certain you do not want to overlook these prospects and I would greatly appreciate your cooperation and your help in getting these matters resclved.

With warm personal regards, I am,

Sincerely,

Lillian Segal, Regional Director
City of Hope National Medical Center

MELBOY HORN PRESIDENT

Dear Harold:

I talked to 8d Arthur about him making the sward presentation to you at the forthcoming "City of Hope" Dinner.

He has not only accepted this assignment, but was most pleased to have been ssked. The Committee has been notified and he has already been put on the program in this spot. He will do an excellent job, and I know you two will complement each other as you are two of the best.

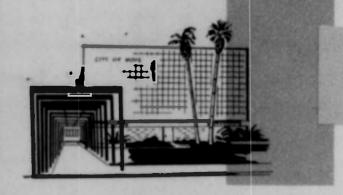

Now Mr. H.J.G., you keep the night of Sunday, December 1st, 6:00 p.m., open, and be here. (No excuses)

Best regards,

August 20, 1963

Mr. Harold Gibbons
International Brothsrhood of Teamsters
25 Louisiane Avenue, N. W.
Washington 1, D. C.

Dear Herold.

The Labor and Management Committee of the City of Hope extends ita thanks to you for your acceptance of the "Personality of the Year in the Labor Field." This award will be made to you at the Testimonial Dinner given on December first in the Khorsseen Room of the Chase-Park Plaza Hotal when we will award a plaque to Mr. A. J. Cervantes as "Man of the Year."

We are indeed honored to be able to make this presentation to you and are looking forward to your participation in this very important affair.

As you know, the City of Hope is celebrating its 50th Anniversary this year and we feel that men of your osliber will do much towards the success of this Dinner.

On September 10 wa are having a cocktail party in the Coach Room of the Chase Hotal from h:30 to 6:00 P.M. If you are in town at that time it would be a great plessure to have you at this party. You will receive an invitation to it later. Also, Harold, could you possibly sand me a list of names which we could use for sponsors? You unisrstand that there is no obligation on the part of a man letting us use his name on a sponsor list - it is simply for the prestige of the name. If possible, I would appreciate receiving this list from you as we would like to invite them to our cocktail party.

I cannot express to you my great delight in knowing that you will join with us and help make a success of this dinner.

Looking forward to hasring from you and with warm paraonal regards, I am,

Sincerely,

JOE COINTEN Chairman

Dear Jima

A situation has come to my attention in which you may be of some help. I will outline briefly below the circumstances.

A relative through marriage of one of Local 695's Business Agents who is also one of the original members of old Local 360 in Milwaukee has a son who is seriously ill with cancer in California. The boy is only 20 or 21 years old and is presently in the Los Angales County Hospital. The family has made efforts by long distance telephone and mail to have him admitted to the City of Hope Hospital in California but they have been unsuccessful to date.

Since the Teamsters have been associated through the years with City of Hope it was my thought that possibly a word from you might gain the young man somittance to this excellent Hospital.

The boy's name is Thomas Glynn and if you can possibly do snything to assist, it would be greatly appreciated.

If you need more information please contact me or my agent Donald Eaton.

Fraternally yours,

a.E. Muellery A. E. Mueller

EDITORS NOTE: Suggested for front page run in two column bold face caps and lower case, within-lite box.

DRIVE's "Operation Hope" membership campaign is now underway in Joint Council .

Operation Hope's goal is to enlist each Teamster and Teamster wife as a member of DRIVE, the political arm of the International Union.

Each Business Agent and steward of the local union has memberahip blanks for DRIVE. Active membership is \$3 per year.

A number of prizes have been set up as incentives for the membership campaign.

#### They are:

- 1. A free, one-week, all expense paid trip to Waahington, D. C. for the individual male Teamster who sells the most Active (\$3) membership subscriptions in each Area Conference.
- 2. A free, one-week, all expense paid trip to Washington, D. C. for the individual woman Teamster member or Teamster wife who sells the most Active (\$3) membership subscriptions in each Area Conference.
- 3. Free, all expense paid trip to the "City of Hope" in Loa Angeles, for the one individual who sells the most Active (\$3) membership subacriptions in the nation. (Donated by City of Hope).
- 4. Each DRIVE member who sells 25 subscriptions or more to Active membership in DRIVE will receive free a perfume atomizer.
- 5. A beautiful scroll will be presented by the International to each Local Union which reaches its quota of DRIVE membership subscriptions.
- 6. The Local Union which sells the highest percentage of its members \$3 Active memberships in DRIVE within the Joint Council will receive a handsome trophy designating their local as Joint Council Champs of the DRIVE campaign.

Contact your local steward or Business Agent for further information, and register for participation in this contest.

ATION ERGER

CITY OF HOPE

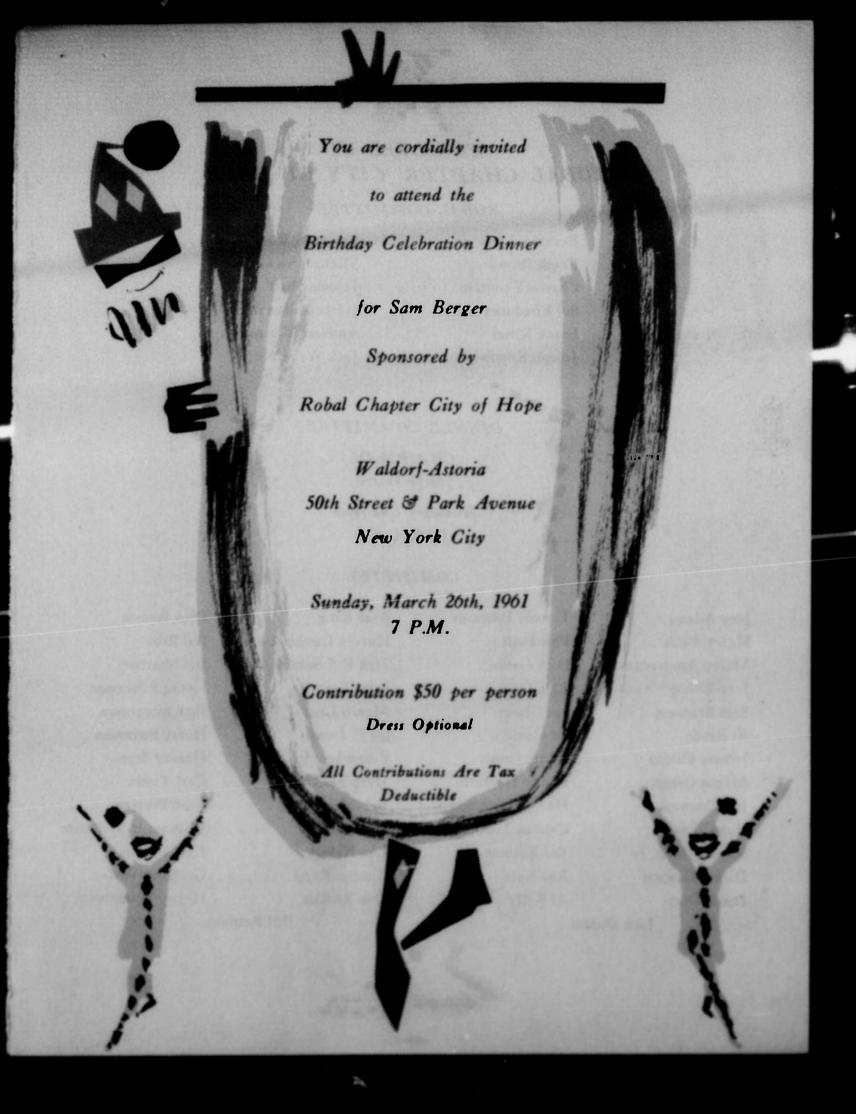

Sam Berger, recipient of the 1961 Torch of Hope Award, has been highly successful in three dramatically different fields. First he served with distinction for many years as manager of Local 102, International Ladies' Garment Workers' Union, one of this country's most respected labor organizations. His second success, one that continues to grow, has been in the entertainment world. During the past four years, he has had top billing with Berger, Ross and Steinman. theatrical agents and he is widely regarded as one of the leaders in the industry. His third success has been as a humanitarian. A leading member of the Humanity Club, he has received many awards for outstanding service to worthy institutions and causes. But his favorite cause for nearly 25 years has been the City of Hope. One of its most devoted and effective supporters, he has raised over \$250,000 and helped in other significant ways to make the City of Hope one of this country's outstanding centers of medical research and treatment. The award presented to him tonight carries with it the gratitude of the scientists and patients at the City of Hope to whom he has meant so much. It says, in effect, "Thank you, Sam Berger, from the bottom of our hearts."

### ABOUT THE CITY OF HOPE

The City of Hope is a pilot national medical research and treatment center specializing in leukemia, cancer and other catastrophic diseases of the heart, chest and blood. Operating on the premise that "there are no incurable diseases but only diseases for which no cures have as yet been found," it has earned world-wide renown for its many life-prolonging "firsts" in the treatment of cancer. Other, possibly more significant, "firsts" seem now to be in the offing. In keeping with the pioneer concept of the City of Hope, its scientists, among the most distinguished in the country, are already at work on the major medical targets of the 1970s—hereditary ailments and mental and emotional diseases. The City of Hope is not only a medical but a humanitarian institution. Ever since it was established 48 years ago, sts services have been made available on a totally free and non-sectarian basis.

The Sunkist deal sounds quite exciting, but I do not know how we are going to get over the Anti-Labor problem.

However, I as sure. If they like it, that Tropiesns or one of the other orange juice processors would be interested also.

anotheroroblom is how to fit this into the program we have in mind.

oersons who are authorized in the packaging field.

I spoke to Herold about your expenses. He suggested that you send me the list and I will issue you my check. He wondered how sizable they were. I told him I thought you were keeping them down. He thought that was fine.

I sm most anxious to hear shout what happens with Food Machinary.

I am contacting nackage outfits, advertising agencies, and package designers.

Ineidentally, there is a very discouraging report on the harmful affects of egg yokes given before the American Heart Fund.

It might interest you to know, in view of our conversation in seperating eggs, that the Concord Hotel buys their eggs by the quert, not by the dosan. These, of course, are broken eggs.

Looking forward to seeing you.

Best regards.

Eddie.

Dear Sir and Brother:

For almost half a century the CITY OF HOPE has given free care to the members of the Labor movement and their families; and the Labor movement has given support to the CITY OF HOPE to make this work possible.

Today, this unique pilot National Medical Center is continuing its fight sgainst catsatrophic disease: cancer, leukemis, heart, blood and chest maladies not only at its hospitals, but through medical research and post-graduate medical education, benefiting people everywhere. Its program as a pilot medical center is one of pointing to new horisons toward the day of victory over the amjor maladies of our are. Costs of care and research, of instruments and equipment, of drugs and medicines, are higher than ever. I am told that the cost of one day's hospital care is well over

I am writing to you in the hope that your union will join the rest of organised labor by voting a contribution toward this work — and to make it as generous as your treasury will allow.

Please make your check psyable to the City of Hope and send it to ay office, 25 Louisiana Avenue, N. W., Washington, D. C. It will be my pleasure to present it to the patients at the City of Hope as a Christmas gift from you.

Tour generous contribution in this matter will be greatly appreciated.

YOrktown 5-3896

Dear Mr. Gibbons:

I am writing to you on a matter very close to my heart. Last year it was my good fortune to be "Man of the Year" at a highly successful dinner held in behalf of the City of Hope National Medical Center. Tributes of this sort come very infrequently in our lives and I assure you, are landmarks to be looked back upon with nostalgia.

On November 13th, the Buainess Men's Advisory Board to the City of Hope will hold its annual "Man of the Year" award dinner, in the Khorassan Room of the Chase Hotel. This year they have selected an outstanding man in our community, Mr. I. E. Goldstein, preaident of the United Lumber Company. Because of your long standing friendship with Ely we felt you would be interested in helping plan his Testimonial Dinner.

On Wednesday night Sept, 14th at 8:00 P.M. at the Medical Institute local #88 at 4488 Foreat Park Blvd., we will have a meeting to plan his dinner and I know it would serve as a stimulus to the rest of us if you could be with us. If you cannot attend this meeting, I should be very pleased to list you as a member of the testimonial committee. Our committee will be greatly enhanced by the addition of your name alone. I hope you can join our group of leaders and that we can count on you for some small measure of help.

Few men more richly deaerve this honor and recognition than Ely Goldstein. His contributions to the welfare of the community and his humanitarian ideals are in keeping with the great principles of human dignity and scientific advancement for which the City of Hope is noted throughout the nation.

Won't you please return the enclosed card today to let me know that we can list you among those honoring Ely?

Enerett Achneider

General Chairman

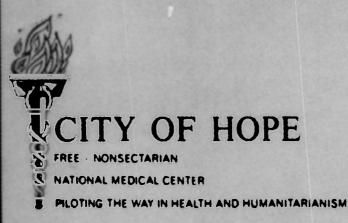

P.S. As Toastmaster of the evening, I am very thrilled to tell you we have secured Alan Gale, one of the foremost entertainers in this country, who only on very rare occasions leaves his own night club in Miami Beach. We will have other national personalities, as well as city and state dignitaries.

#### HONORARY CHAIRMEN

Mr. Sidney Maestre
The Very Rev. Paul C. Reinert, S. J.
Rabbi Samuel Thurman

ADMINISTRATIVE FILE

August 30, 1960

Mr. H. J. Gibbons, Executive Assistant to the General President International Brotherhood of Teamsters 25 Louisiane Avenue, N.W. Washington 1, D. C.

Dear Hal:

This is my first opportunity, since returning from vacation, to answer your letter of August 9th.

May I express my personal appreciation as well as that of the CITY OF HOPE for your continued interest in the work of our National Medical Center.

We are trying to do a real job. Our program, as important as it is for the thousands of patients who come to our doors each year, is essentially geared to influence medicine and science throughout the nation. Our continuing objective is to pioneer in new concepts of patient care, research, and medical education, thereby affecting the lives of millions afflicted with catastrophic diseases. Ways must be found to speed discoveries which would help aradicate catastrophic diseases. Furthermore, we seek to influence institutions everywhere to accept our philosophy that average-salaried individuels get full health care without pauperizing the family, in a spirit of dignity and untainted by charity.

Organized labor has a vital stake in the development of auch a perspective. Support such as that coming from your organisation is certainly welcome.

Are you coming to the Coast soon? If so, I would appreciate the opportunity of showing you the tremendous growth

August 30, 1960

Mr. H. J. Gibbons #2. . . .

of our facilities, which has attracted the attention of scientific and lay authorities throughout the world. Quita frankly, I am aagar to apprise you of the challenging implications of our pilot program.

With warm personal regards.

Sincerely yours,

Wen Horowitz Executive Director

SUCRETARY: Harry O'Reilly

TREASCREE: Burton B. Turkus, Esq. Dear Brether Hoffa:

You were one among many who received an invitation a few days ago announcing the testimonial dinner on Saturday, September 24th, at the Waldorf Astoria for Taddy Glasson, our ILA General Organizer.

In looking over the list of those to whom the invitation was sent, I eas struck by the thought that there were a few very good friends of Teddy's who should receive more than a general invitation. They souldn't want to miss joining in this tribute to our dear friend.

I mean friends of his such as you, who I know will not only be present for such an important event in Teddy's life, but will undoubtedly want to bring a party of your friends to join in this important and enjoyable occasion.

With this in mind, I thought I ought to make sure there will be no alip-up in arrangements for you. The ten tickets I am enclosing will insure one full table for you and your group to be together.

If you will list the names of your party on the enclosed reservation card, I will personally see to it that prompt and proper seating will be made for you and your associates at this dinner.

Oh yea, as you may surmise from knowing him as you do, Teddy would only agree to this dinner on the basis that the entire proceeds shall aid the City of Hope in its fight against cancer, leukemia and other catastrophic diseases through its world famous programs in treatment and research.

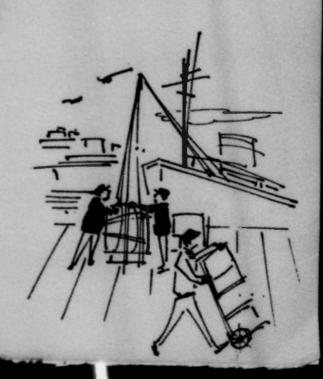

Looking forward to seeing you on September 24, I am

Sincerely yours,

WVB: jvk Encla. Captain William V Honorary Chairman

"We do not ask of an unfortunate: 'What country do you come from or what it your religion?' We say to blue? You make you mell." --- Count Pantula

Holdpo Ret

A TRUE son of the New York waterfront will be honored on September 24, 1960 when that industry sponsors a testimonial dinner at the Waldorf Astoria Hotel for Thomas "Teddy" Gleasen General Organizer of the 100,000 member International Longshoremen a Association, AFL-CiO

Waterfront unions, management, civic and government figures will ioin in honoring a man who began 46 years ago at the age of 14 as the third generation of Glessons to work on the piers.

Since then, he has been office boy . . . checker . . . winch driver . . . Business Asent and President of Local 1. Checkers and Tallymen . . . ILA General Organizer . . . ILA Essentive Board member . . . Administrative Assustant to the ILA President . . . Vice President of the APL-CIO Maritime Tredes Department . . . Co-Chairman of the ILA Was Scale Niegotiations Committee . . . Trustee of the ILA-New York Shipping Association Pression and Welfare Fund, which will soom complete a multi-million dollar medical center for longshoremen and their families.

Glesson is also an active member of the Knights of Columbus, Elks, Grand Street Boys Association and active organises of the American Sons of Erin.

The recent significant developments on the New York waserfront, which have created new hope for harmony among maritume unions and stability in labor-management relations, are due in no small measure to Glesson's personal leadership, integrity, statesmanship and perfound knowledge of the industry.

These qualities and accomplishments have brought together the leaders of the New York Shippins Association, the American Merchant Marine Institute, National Maritime Union, AFL-CIO; Seafarers International Union, AFL-CIO; ILA, APL-CIO and the impartial chairman of both the trucking and longshore industries to sponsor this testimonial dinner to this son of the waterfront.

And as a measure of the man, Teddy Glesson would only consent to this affair in his homos on the basis that the proceeds would benefit a great humanitarian cause and institution

City of Hope

July 20, 1960

Mr. Barold J. Gibbons, Vice President International Brothsrhood of Teansters 25 Louisiene Avenue N W Meshington 1, D. C.

Dear Harold:

Lete yesterday aftarnoon, just before Johnny and Pete left for St. Louis, Johnny told as I had better write to you about ons espect of our Town Pair aerchandise gethering. He said that you did not understand that we want to sell the aerchandise we gethered from your asployers in St. Louis at a St. Louis Pair and Bassar. I thought I had explained this to you.

However, this need not be a stumbling blook. If you have any objections to our selling this merchandise at a St. Louis Town Pair and Basaar, to be held some time between February 15 and March 2 or 3rd, 1961, then we will tranship this merchandise either to Chicago or Los Angeles and sell it there.

Johnny eeked as to drop you so note to make sure that you understand exactly what we have in aind, and in compliance with his wishes, en sending a copy of this letter to him as well as to Pete. Johnny told as that they would set a date for the fight by September 1, and that they appear to hold it somewhere eround the sens time as last year, namely: May 20. I cannot, for the life of ne, see how there will be any interference between our Town Pair held the end of Pebruary and your fight held May 20, but I am perfectly willing not to sell any merchandice gathered from Teanster amployers in St. Louis et the St. Louis Town Peir. I will tranship it is mediately.

Please let as know if you have any objections as Johnny seems to think you would have, and we will just gether the aerohandise end sell it in Los Angeles or Chicego.

It was e pleesure seeing you, and I sn glad you were able to get some rest over the weekend at your friand's house. It did you e world of good. You look real wonderfal. Kindest regards.

2129 - 18th Avenue San Francisco 16, California June 13, 1960

Mr. James R. Hoffa General President International Brotherhood of Teamsters 25 Louisiana Avenue, N. W. Washington 1, D. C.

Dear Jim:

I am taking the liberty of calling you Jim, since I am a dues-paying member in Local 665, San Francisco.

The City of Hope has made Daniel F. Del Carlo its Man of the Year, and we are tendering a dinner for him at the Fairmont Hotel on June 28, 1960.

Since Dan has always held you in such high regard, and this has been evidenced in at least two conventions that I remember, I am taking the liberty of sending you a ticket to the affair.

If the International is permitted to purchase this, kindly make the check out to the City of Hope and send it to me at my home, 2129 - 18th Avenue, San Francisco 16.

I don't know whether you are aware of it, but Dan has been appointed recently as a Commissioner for the State Industrial Accident Commission. I, also, was given an appointment as Special Representative at the inception of the Brown regime.

Dan and I were both raised in the same neighborhood as Joe Diviny, and we both have the highest regard for Joe. Dan and I hold you in the highest esteem, so for that reason I am taking the liberty of sending you the ticket, the proceeds of which is for a very worthy charity.

Dear Jimy:

Saturday mill be three months since I saw you in San Francisco, and from everything I heer, they have been busy, productive ones for you. This is good.

As I am writing this, I know you are preparing for your rally in New York at the Gardan, and I want to wish you every success in this.

Will you please do ma a favor, Jim. I need about a half hour with you the next time you are on the coast, and I understand that is going to be during the Cannery Council Conference at Dianayland on April 12. Can I have some time with you while you are there? Are you going to be staying at the Dianayland Hotel or in Los Angeles? Are you coming in a day early or are you staying a day after the dinner? I would appreciate it very much if you would advise me when will be the best time to sit down with you. This idea means a great deal to the City of Hope as well as to me, personally, and I need your guidance and help.

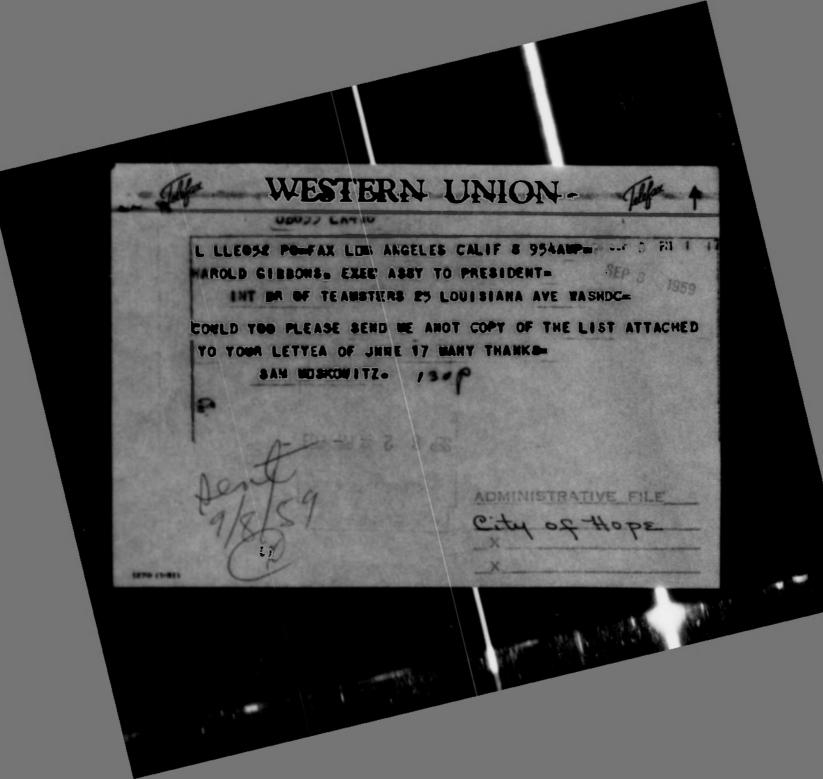

Keep punching. They can't get s good man down, and don't forget, if there is anything you want ms to do, all you have to do is to pick up the phone and ask. I think you know that.

Please give my best to Mrs. Hoffa. Kindest regards.

Dear Jia:

I think you might like to know that our good friend, Dr. James DiRwnna, is turning himself inside out to holp the City of Hope. You are responsible for this, and I went to thank you.

Ha is running this year's Italian Social Club affair for the banafit of the City of Hope on October 11th, in the Muchlbach Hatal in Kansas City. As you know, he is a real wonderful guy end has been most helpful to us.

He could cortainly flip if he got a note from you, such as the smolosed, and I would appreciate it very much if you could send such a note, over your signsture, to him.

If all goes well I hope to be back east in the near future, and will thank you is person for this.

Have you had a chance to talk to any of your people regarding the letter I sent you last month about contacting business people? If so, what was their reaction?

Take oars of yourself. Stay well and give them that old Hoffe jaunty sails of confidence. You are a reel wonderful guy, and it is a real pleasure knowing you.

Kindest regards.

Dear Jim:

I don't have to tell you how much we appreciate that you and Harold found time last Thursday to equese Peter Tagger and myself into your tight schedule. I know you realise how much we need the help you are giving us so that we can carry on our work, even though some of the support of the past had- of necessity- been curtailed.

Your idea that we submit to you s list of names so that they can be evaluated, and so that the word can be passed along, is an excallent one and we will be most grateful for any doors that can be opened to us in this manner. Of course, Jimmy, any names you mant to add to this will undoubtedly be every bit as good, or better, than those I as submitting on the attached list.

Pleasa remember that all we are looking for is five minutes from the paople on this list.

Again meny thanks. Please let as know when in the not too distant future we can get together to work out a program regarding the list.

Singerely,

Sam Moskovits

March 27 1959

Mr. James R. Heffa, President International Brotherhood of Teamsters 25 Louisiana Avenue H W Weshington 1 D C

Dear Jims

During the last couple of months we have trisd a new approach to help us solve our never-ending money problems, and the results have been so gratifying, that we would like to cell this to your attention, and possibly melist your help.

The two attached letters will give you a general idee of what we are after. These mailings were made possible by union officials who opened the deers to importent employers for us, and the employers, in turn, agreed to land their names to mailings in their respective industries.

Could we prevail upon you or Harold to put us in touch with the head of American Stores or Food Fair, or any others in the East; Kroger, Red Owl, Super Value, Jewel Tee, and other grocery firms in the Mid-West, or anyone you can think of in the South and Southwest?

If you think that the various vice-presidents in the areas should be given the jeb of contesting these people. I wish you would advise me.

We would appreciate it very such if you would help us open the door to get similar mailings from employers in other industries. I mentioned grocery chains, but we need help everywhere; not excluding such firms as Freuhauf, Montgomery Ward, Minneapolis Honeywell, Kingan, and Hygrade, end various breweries, such as Anheuser-Busch, Falstaff Beer, and Schlits Beer.

I would like to see you some time during the next few weeks, end would eppreciate your advising me where and when it would be best for you, and I will make my schedule conform.

Thank you very much for everything.

Kindest personal regards.

Singerely,

Sam Moskovitz

UNION OIL CENTER

LONASCRUEN 12, CALIFORNIA

REESE H. TAYLOR

March 10, 1959

Centlemen:

I would like to take a moment of your time to tell you about the City of Hope, the famoue nonsectarian National Medical Canter at Duarte, California which, for almost half a century, has given free treatment to children and adulte of all races and oreeds who could not pay for private care.

Today the City of Hope is engaged in care, research and education in the catastrophic diseases -- cancer, leukemia, heart and blood disorders and tuberculosis -- afflictions which are most feared, most difficult to cure, and most costly to treat.

Thousanda of days of free care have been given to petroleum company employeea and their families over the years, and the City of Hope's doors are always open to people from our industry from all parts of the country. I am told that the average cost of a day's care is now over \$25.00 per day.

I know that you are called upon to give support to many worthy causes and I am writing to you in the hope that for this truly unique humanitarian effort, you will find room for a special gift -- if but a modest ona.

Can I count on your help?

иеезе п

127 NORTH DEARBORN STREET - CHICAGO 2, ILLINOIS - DEArborn 2-4626

April 27, 1959

Mr. Harold Gibbons Central Conference of Teamstera 1641 S. Kingahighway St. Louis 10, Missouri

Dear Mr. Gibbons:

Mr. Irv Kupcinet has forwarded your check for \$500.00 to our office. I have attached our official receipt for this amount.

Mr. Gibbons, I want to thank you again for your wonderful cooperation in behalf of City of Hope and our testimonial dinner to George Jessel.

I would appreciate it very much if you would advise me, as soon as possible, if you would like the 5 tickets for the George Jessel dinner. Or, if you so desire, if you are not personally able to be with us, we can send these tickets to an associate local of your choice.

I look forward to hearing from you, and I hope I will have the pleasure of personally greeting you on Sunday, May 10th.

Sincerely,

arole

### Lucky

LUCKY STORES, INC., 1701 FIRST AVENUS, SAN LEANDRO, GALIFORNIA

March 13, 1959

I would like to take a comest of your time to tell you about the City of Hope, the feacus nonsectorian National Medical Center at Duarte, California which, for almost half a century, has gives free treatment to men, women and children of all races and creeds who could not pay for private care.

Today the City of Hope is engaged in care, research and education is the catastrophis diseases -- cancer, leukemia, heart and blood disorders and tuberculosis -- afflictions which are most feared, most difficult to cure, and most costly to treat.

I know that you are called upon to give support to many worthy causes but I an writing to you in the hope that for this truly unique humanitarian effort, you will find it possible to make a special gift. It costs just \$17.77, for instance, to complete a bone aerrow test for a leukemie child; but even a \$10.00 investment is human life can go a long way in the constant search for the causes and cures of these terrifying diseases.

Can I count on your help?

Sincerely,

Chairman of the Board

JCEsth

PS: Kindly make check payable to City of Hope and mail to me.

REESE H. TAYLOR

March 10, 1959

Gentlemen:

I would like to take a moment of your time to tell you about the City of Hope, the famous nonsectarian National Medical Center at Duarte, California which, for almost half a century, has given free treatment to children and adults of all races and oreeds who could not pay for private care.

Today the City of Hope is sngaged in care, research and education in the catastrophic diseases -- csncer, leukemia, heart and blood disorders and tuberculosis -- afflictions which are most feared, most difficult to cure, and most costly to treat.

Thousands of days of free care have been given to petroleum company employees and their families over the years, and the City of Hope's doors are always open to people from our industry from all parts of the country. I sm told that the average cost of a day's care is now over \$25.00 psr day.

I know that you are called upon to give support to many worthy causes and I sm writing to you in the hope that for this truly unique humanitarian effort, you will find room for a special gift -- if but a modest one.

Can I count on your help?

Sincerely,

Reese H. Taylor

Director,

Mr. James R. Hoffa Hotel Woodner Washington D C

Dear Jin:

I have finally come up with something which I think can be used by the International Brothorhood of Teameters to vary good advantage.

The Labor Department of the City of Hope is going to run between fiftasn and twenty-five small talethons in places like Whohita, Kaneae; Knnsas City, Miesouri; St. Louis, Miesouri; Louisville, Kantucky; Cincinnati, Ohio; St. Paul, Minneeota; Pitteburgh, etc. I want the eponsorehip of joint councils in those cities, or the sponsorehip of local unions where no joint councile exist.

The total coet of euch telethons will run snywhere between five and fifteen thousand dollars total budget. The take will run enywhere from \$35,000.00 to \$50,000.00 net, and in my opinion this method of fund-raising is much better then testimonial dinners whereby one person is put on the spot. It has the further edvantage of telling the community at large, through the nadium of TV earsthon or telethon that the Teamsters are good people and are not like the picture that various governmental agencies paint them.

I want to discuse this with you in further detail if you think I have something hera, and would appreciate your letting me know when and where I can see you for ten or fifteen minutes in the next few weeks.

I hope all ie well with you. Give 'em hall.

Kindeet regarde.

Mr. John M. lish, Secretary
International Brotherhood of Temmaters
Louisian: Avenue N W
Whahington 1 D C

Dear Mr. Inglish

Tour letter of December & errived while I sas in San Francisco X therefore I am taking a little time to arreser it.

It was by far the nicest qualified turn-down I have ever received, and only goes to reflect the kind of man you are. In fact, from the tone of the letter, I cannot sceapt it as a turn-down, but merely as a postponessent.

If your speed from Judge Lette' decision works, and the Convention is hald in Chicage, then I know you will be in Chicage and so will all the delegates to the Convention, and I sak you please to keep that in mind. Further, if that is not estisfactory to you, or if for any reason things do not work out as as anticipate them to work out, then we sould certainly held such a dinner in New York or Weshington in May or June.

At any rate, would you do me the kindness to maintain an open mind until the middle of January when I will be in eachington. At that time I could love to sit down and discuss this eith you.

I hope that you and your family have a happy holiday, and that your family and the Teamaters Intermetional have a much better year in 1959 than you had in 1958.

Kindeat regards.

Cordially.

November 2: 1958

Mr. John Anglish, Secretary Internatives! Sretherhood of Teamsters 25 Louisiana Avenue N W Mashington 1 D C

Dear Mr. English:

The City of Mepe would like to have the honor of presenting to you a "Torch of Mepe" eward, at a testimental dinner in your honor, at a time and place to be chosen by you.

As hemsetly cannot think of anyone in the entire labor movement who is more deserving of such an award than you. Your courage, leader-ahip, and stateousnehip has certainly canifected itself time and again, especially so in the past two years.

I for one will always shorish the memory of you, making your famous fighting speach at the AFL-CIC Convention last December in Atlantic City, I have told you so in person several times, and want to repeat it ass. I think you are the dear of labor statemen in the world today.

It would therefore, be a great honor and a privilege to be able to have a dinner in your honor. It would show people both in and out of the labar mevement that you are Mister Feemster, and as such not only fighting for your membership, but for every rank and filer in the country today.

We sould have the dinner any place in these United States that you would eare to have it, and would restrict or open the invitation list as you would prefer. I would like to invite the transfers locals, and come called tenders of other internationals, as well as come suployers, with show the Tennature have good contractual relations.

Parther, I would like to see this dinner held in New York, Boston, Chicego, San Francisco or Los angeles, et \$100,00 per plata. If all coss cell espective place to have it would be in Chicago, as the climan to the Taxestere Convention next Merch.

Of course, all memory raised could be emitributed to further the work at the City of Hope. The only expenses would be the cost of

the dinner itself, plus some incidental printing costs.

Please say "yes", Brother English. You would be helping a most worthy cause, and we would be honoring a mention has given his ensire life to helping his fellow man. You are a humanitarian in the fullos- weeks or the word, and we would consider it a real

Washington, D.C.

Daar Jimmy:

I was most happy to have had the opportunity to meet you at long last through our mutual friend, Sem Moskovitz.

I was particularly plsasad, again, to have had the opportunity to say hello during your recent Central Conference of Tesmsters.

We here, in the Midwest, as well as our people all over the country, have dedicated ourselves toward expending every bit of svailable energy towards working for the day that the terrible diseases of mankind, that destroy our homes and wipe out our families, will be completely annihilated.

It certainly has been gratifying and encouraging to a young guy like me to witness the heart warming support of yourself and your International in this great battle.

I look forward to the pleasure to seeing you again in the not too distant future.

Sincerely,

Robert Dachman

Dear Sir and Brothers

I am writing this letter to all of the local unions, joint councils and state end eres conferences and councils affiliated with the Commeters International who I think, will chare the concern that has been croused in me in recent aenthe so e result of what I have been edged in the in recent pear by leukesia.

- about which meet of us know little - is sencer of the blood, which strikes suddenly and quickly - and for which today there is no cure. I have been speaking to friends and business esseciates about the problem of leukomis, and frankly, have become appelled at the number of people who have lost relatives and friends to this disease.

that receen I have agreed to help secure urgently needed funds for the GITY OF MOPE Matical Medical Senter, one of the leading research and treetment institutes in the ecuntry, devoted to finding the causes and ours for leukamie, as well as other setastrophis diseases.

The CITY OF HOFE, as you know, is a free, national medical center, providing education, treatment and research in the fields of leukemis, cancer, tuberou-lesis and heart eilmeuts.

I am therefore, arging you to contribute a maximum of \$250.00 to help realise this goal. Maving been elesely associated with the work at the CITY OF HOPS. I feel this merits your consideration and support. Kindly enclose your check in the analoged envelope and return it to me at your carliast convenience.

It is only through the efforts of such collective estion by groups such as ours, that the world will be able to conquer catestrophic discesses.

Preternally yours,

P.S. Please cake your shock payable to the CITY OF HOPE.

Deer Jimi

This letter is being written as a result of our conversations in Sen Francisco last Thursday and Friday, and sets forth what I think are the agreements we recoked. I told you I would put it in writing and you agreed.

I - As a result of my request for a lean of 4,00,000.00 you maid you could get me the lean from the Sentral States Comference Passies Fand at a meeting of the trustoes in Chicage the first week in Suptemeer. You did not know at this point how meek the interest rate would be, but you would try to get it for id. You anticipate we trouble getting the lean, and you caid we mould rest asserted that we will have the wency early in September, if we could weit that leag.

You told me you would send Mr. Goldberg from Milweakes into Los Angelon to do the finencial investigation regarding the mertings, etc. Our comptroller, Mics Itkin, is going as vacction this coming Priday and will not be back until efter Labor Day. I therefore, would appreciate your holding off conding Mr. Coldburg is until she returns from vacction, as she is fully convergent with the finencial situation, and will so able to give him all the information he acode.

2 - I coked you, and you agreed, that you would cond a letter ever year eigenture, to all the locals, souncile and conferences affiliated with the International Brotherhood of Tenesters eaking them to mentribute memby to the CITY OF MOFE. Attached is a comple letter for possible use in this compaign. My only remove for melecing it is to relieve you and everyone close in the Tennetwre Union of any work attached to this miling. I figure an easing in to Woohington about august 17 or 18 to take eare of all the details attached to the sailing. Just one

more thing is the mailing, I would like to emclose an envelope addressed mask to you so that all leads will get the idea that you will see all retarms.

-2-

Jin, it was a pleasure sacing you again. I want you to know I appreciate very much the fact that you took time out from your oroused schedule to spend time with no that you did. I know the problems you face, and feel very flattered that you gave me the time you did.

I will find out whether you will be in Les angeles or Sen Francisco this coming week-and and will join you there.

Again my thanks and those of the CITY OF MOPE for everything.

Beat of luck and Mindoot re-orde.

Gordielly,

San Moskevits Metional Labor Director.

City of Hope

Aurust 6 1958

Mr. Frenk Pitsiemone Tementere Local 299 2741 Trumbull Detroit 16 Mishigan

Dear Mr. Pitsinmons:

It was very nise-talking to you the other day and it is e pleasure knowing this matter rests in such sompetent hands.

I am enclosing copy of a memorandum which gives the dimensions and weights of the equi neights be shipped. Please pay no ettention to any of the differences in paragraph two. Let us review the equipment itself.

- 1 The telletherepy unit es pictured in the etteched photostat is 6'x9' and waighe 5000 pounds.
- 2 The real heads erated separately and mounted on skids will cacupy an area wixo's and eill also weigh 5000 pounds.
- 3 The container with the oscium enclosed is za'xza', and will weigh 2200 pounds, making a total of 12,200 pounds.

We are ettempting to find out if Westinghouse will build or provide a plantic bubble chick will fit over the top of everything. If so, them we will be able to get away with a flat bed truck. I should know this withis the sext day or so.

I would like to suggest the following:

Some time during the weak of August 25 I will be in the middle weat and will call you. If you will be free, I will come up to see you and spend on hour or so with you. At that point we can nake all final arrangements. I would like to see the equipment picked up is unitimore somewhere around October 1. We are working on an itinorary from Beltimore where the unit is being built. We will probably want to make several stops and them to to Oak Ridge to make the pickup of the occium. If wy information is corract we then must hand west. We can go corth and south elso, etapping at piaces like St. Louis, Chicago, Datroit, etc., but we cannot hand east in any direction to show this off. This

is the ruling of the Atomio Energy Concission.

I hepe I have not confused you too such sith the above information. All I have tried to do was to give you some ides of the weights and dimensions of the objects to be shipped so that you can aske mastever preliminary requests you wanted to from the people who will supply the trailer or the tractor trailer. I, myself, an net clear on this.

I sum Jim Morfa last week in Sen Francisco end he told as you would take same of all datails of providing the rolling stock.
I on therefore, heatsming to give this to you.

After we have worked out an itinerary in this office, I am going to sit down with the public relations people of the Twassters as mell as Westinghouse, and edd snything they want to
led in this itinerary, so when I see you I will have a pretty good idea of where, how end when the steps will be made.

Heay thanks for your kind cooperation.

Sincerely yours,

Sam Moskovits Mational Leber Director.

ee Jia Hoffa

NATIONAL MEDICAL CENTER

NATIONAL HEADQUARTERS . 208 WEST 8th ST . LOS ANGELES 14, CALIF. - MADISON 6-4611

LAMUEL H. GOLTER, Executive Vice-President MEN HOROWITZ, Executive Director Secretary, Board of Directors

July 14 1958

Mr. Jemss Hoffa, President International Brothsrhood of Teamsters 25 Louisiana Avenue N W Washington D C

Dear Brother Hoffa:

I want to thank you for the prompt ettention that you gave my phone request Fridey regarding the truck for the cezium bomb. When I see you in person I will convey the thanks I reelly feel.

If you recall, early in May when I was staying at the Woodner Hc:el, I asked you what our chances were of borrowing from some sources in the Teamsters Union, or any other source that you can think of, a half aillion dollers for five years, repayable et \$100,000.00 per year. At that time you told me that you thought Harold Gibbons eguld help us with this, and you said you would talk to hia.

I have not heard anything from you or Harold and quite understandably so, in view of the headeches and problems that you just got rid of. However, I would like to esk you if you can et this time make some inquiries, and see if we can borrow that kind of money from either one of the welfere funds or one of the conferences.

Of course, we would like to pay as little interest as possible, but we would pay whetever is necessary to get the loan, end will secure it with a mortings on a building owned by the City of Hope, aither an office building or hospital buildings which ers free and olear.

You can judge from the above that the need is great. We have run into the results of the recession of the past nine months and are really faeling it in our fund-raising, while the demand for services has incressed. Cur income of course, will pick up as it elways does, in September, end we will be O.K.

This loan, if you can secure it for us, will wips out the deficit as well as put us on our fact for the next four months.

Subject: Health, Walfare and Pension Insurance

I appeared before your countities of lawyers this mercing at the engagestian of General President Heffs to tell you of some of sy ideas on a non-pushit in marones brokerage to plane health and unlifers as well as pension in marones, the set proceeds of which would be denoted or ellocated to charity.

I further told your consisted that the City of Repe owns zon of the Newall and Company brokerage of tmottle through two tractices. These tractures take the next presents given to then by Newall and Company and could then to the City of Reps. Siego the memory is going to City of Repu so takes are paid,

Pollowing disensesion with your group I was told that there was nothing in this proposal of mine that was in violation of the Toft-Nortley Law with regard to health and welfare and pension funds.

One other thing: I was select by your people if I thought denotions from health and welfers funds themselves use allowed and I ensured no. I wisht asked the ensure to this extent, If the laws of the corporation or the treet are such that all reserve funds have to be held in tends then nothing can be contributed. If the laws of the trust agreement are different and here so low against contributions them those trusts or health and welfers agreement one contributions.

I so emiliag to les Angeles for my file so trest sed health and valifare agreements and as seen so I get it will term it over to you for

Mr. Hoffe seked that you give him a memorantem that there is no violation of the Maft-Hartley Low in my proposal.

#### MEMORANDUM FROM THE CITY OF HOPE

To: ALL OFFICERS OF LOCAL UNIONS, CITY COUNCILS, STATE FEDERATIONS AND INTERNATIONAL UNIONS

From: SAM MOSKOVITZ, NATIONAL LABOR DIRECTOR OF THE CITY OF HOPE

Re: PATIENT ADMISSIONS PROCEDURE

Date: OCTOBER 1, 1957

I am pleased to call your attention to the procedure of gaining admission to the City of Hope National Medical Center for any member of your organization.

But first, threa things should be emphasised:

- The City of Hope is devoted to patient care and treatment, so well as research and postgraduate medical education, in cancer and allied diseases, including leukemia; blood maladies; heart disorders; and tuberculosis.
- . No patient pays at the City of Hope, which is supported by organized labor.
- . The applicant for admission must not be beyond help in the opinion of his physician.

The procedure for patient admissions is easy to follow and must be observed. Here are the steps to take:

- 1. The applicant (for himself or a member of his family) should ask his physician for a letter of rajarrol to the City of Hope.
- 2. The letter of referral, accompanied by all medical records, X-rays, etc., should be addressed by the physician to: Admissions Office, City of Hope National Medical Center, 1500 East Duarte Road, Duarte, California.
- 3. The referring physician, and the applicant, will be notified as quickly as possible as to acceptance.

The City of Hope is always at your service. Don't hesitate to write or wire me on any questions you or the applicant may have.

1 1 8 EL MIL

Note - Keep this on your desk for raferance.

WILL DIGNITY

William S. Holly Testimonial Dinner

ON BEHALF OF THE CITY OF HOPE

Contract of the second

November 25, 1957 /

Dear Sir and Brother:

A "Torch of Hope" award dinner is being pendered the President of the Kansas State Federation of Labor, A.F.L.-C. William S. Holly, on the night of January 25, 1958, at the Kansan Hotel, Topeks, Kansas, by the City of Hope.

A proven Trade Unionist of deep sincerity, our President, "Bill" Holly, is held in high regard by the entire membership for the leadership he has demonstrated to us. Enclose I is a resolution passed by the Executive Board of the Kansas State Federation, A. F. L. -C. I. O., endorsing the dinner.

In conjunction with the dinner paying tribute to our leader for his outstanding service and interest in his fellow man, as well as the public service rendered to this state by the Kanssa State Federation of Labor, A. F. L. -C. I. O., we are inviting your organization to participate in this program, as a sponsor.

We want to urge your Executive Board and your memberahip to pass the enclosed resolution and vote a most generous contribution for this worthy cause, thereby enabling us all to be a part of this tribute to our President and our organization. All monies will be turned over to President Holly the night of the dinner, who will, in turn donate them to the City of Hope.

Hoping to hear from you before December 30, 1957, I remain,

Fraternally,

F. E. Black, Secretary, Kanasa State Federation of Labor, A. F. L. -C. I. O. Chairman City of Hope Committee 221 North Market Wichita, Kanasa

# City of Hope

i Free · Non-Sectarian · National Medical Center for Healing · Research · Medical Education

## THE CITY FOUNDED ON FAITH

The CITY OF HOPE is a non-sectarian National Medical Center, dedicated to alleviating the suffering of those afflicted with catastrophic diseases.

The CITY OF HOPE is founded on faith — the faith that man is his "brother's keeper," ever ready to give him a helping hand to health and life.

# HOW WAS THE CITY OF HOPE FOUNDED

At the turn of the century, men and women, stricken with tuberculcuis, fled congested cities throughout the land and sought a cure in the plenriful sunahine of California. To aid these unfortunates, in 1913 a small group of selfless individuals set up two tents in the desert at the foothills of the Sierra Madre Mountains.

City of Hope has no warms all rooms are private or semi-private. All patients have radio, many TV.

These pioneers gave generously of themselves and their resources to an idea and an ideal — to provide a haven of healing whete victims of the white plague," without sacrificing self-respect or dignity, could be given a new chance for life.

As the years went by, the handful of pioneers became a mighty army, the two tents became a CITY. On seventy-five beautifully landscaped acres proudly stand hospital buildings equipped with the most modern, scientific apparatus available — triumphant testimony to the goodness of man. All this has been made pussible by a network of supporting organizations of the CITY OF HOPE energetically raising funds for its work and democratically determing its policion...co-sharers in a great humanitarian undertaking.

## WHAT IS THE CITY OF HOPE TODAY,

The CITY OF HOPP is a NATIONAL MEDICAL CENTER devoted so a three-pronged fountal general on specific diseases — Cancer, Leukeinia, Hudgkin's Disease, Tuber-culture, and Heart Adments assumable to variety

In its himpital, the CITY OF BOOFF places its specialisated shills at the disposal of parients advantage of snedical resources in their tisa. The latest rechniques and snethods are such as the recent purchase of the Cobab Batch X-Ray Therapy Usic.

This 250,000 Volt Maxitron is part of the modern, up-to-date equipment used in X-ray treatment for patients with cancer,

Research Projects in all Catastrophic Diseases treated by the City of Hope are carried on by internationally known scientists.

Occupational Therapy is an integral part of the rehabilitation of patients at the Medical Center.

Facilities for religious worship for patients of all faiths are provided by the City of Hope.

In its Research Institute, original inquiry into the cause and cure of catastrophic diseases is conducted by a full staff of research specialists and sechnicians of the highest caliber. The experimentation carried on in these laboratories seeks to forestall the mass faralities involved in these illnesses.

In its doctor's training facilities, medical men from various parts of the country, as well as abroad, are given the opportunity to study the care and treatment of major diseases. Furthermore, to reach a wider audience, a quarterly Medical Journal is published, making available to all doctors the developments in the hospital, laboratories, and lecture rooms of the CTTY OF HOPE.

## WHY IS THE CITY OF HOPE UNIQUE,

Unlike other medical centers in the world, the CTY OF HOPE gives its complete service and offers all of its facilities — before, during and after hospitalization — without charge.

Treatment is administered to patients with a full regard to human dignity, for personalization rather than institutionalization is the keymore of care at the CITY OF HOPE. Basic to the operation of the CITY OF
HOPE is the philosophy that there is no profit in saving the body, if in
the process we destroy the soul. Disease can waste away the soul, as
surely as it wastes away the body—if the patient suffers unnecessary
mental anguish. Every patient is made to feel that he is a welcome
guest. Nothing is spared to make him comfortable and happy. Every
effort is made to heal the patient physically, mentally and spiritually.

# WHAT IS YOUR STAKE IN THE CITY OF HOPE,

Whether you are one mile or three thousand miles from the CTTY OF HOPE these are the reasons why this Medical Cratter is important to YOU --

- a You support the CITY OF HOPE as a pilot hospital its standards of medical care have already influenced the level of public and private hospitals in your own community.
- a You make possible the constant search for new methich, new techniques and new cures for the diseases which support support which can save themsands of lives in your own community.
- a You and the medical training program of the CTTY OF HOPE which wall train discours, research specialists and technicians for communities throughout the United States
- a Your dullars support a treatendous program of research and care but, more important, and can JOIN the CITY OF HOPE family and help as determine its future program and policy through membership in its apporting organizations in your own community.
- You man in this never coding strongle against catastrophic diseases which can strike any human being without warning. Cures can and must be found for the suffering, from which no one is safe—your neighbor, your kin, and you!

# WHAT DOES THE NATION THINK OF

By keeping open your doors to serve all patients without charge and regardless of race or creed, you have given a moving lesson... in the great public service your organization has performed in the battles against cancer, leukemia and tuberculosis.

-DWIGHT D. EISENHOWER, President of the U. S.

No disease is incurable, though some, like cancer, are still unconquered. In time, however, medical science will overcome these maladies and the CITY OF HOPE will be entitled to a large measure of credit for these victories

-BERNARD M BARUCH

"... Good Samaritans have made this hospital the great humanitarian institution it is... It is a democratic institution in the real sense of the word."

-HERBERT H. LEHMAN, Semplos

More than a house of healing...the CITY OF HOPE is an example...for all Americans...of tolerance, compassion and understanding.

Expanding with its physical facilities is the hospital's tascinating idea: Man's highest goal in to help his fellows."

-THE NEW YORK TIMES (From an Associated Press 500 newspapers, magazines and the Congressional Record

Our country stands in need of many more great hospitals like the CITY OF HOPF

-MRS FLEANOR ROOSEVELT

City of Hope has a highly associatized surgical staff which performs all types of modern surgical procedures.

City of Hope trains and teacher physicians, technicism and medical personnel for work in communities throughout the country.

West Eighth Street . Los Angeles 14, Calif.

or to the affiliated group of

the City of Wope St year comments.

# HOW IS THE CITY OF HOPE SUPPORTED,

This NATIONAL MEDICAL CENTER operates on day to day contributions. Without reserves or trust funds, it has performed its humanitarian work for more than forty years, a monument to man's humanity to man. Every donation has helped to move mountains. Sparking its activities has been a people's movement — embracing a representative cross section of all America. Auxiliaries and clubs, management and labor groups, framenal and civic organizations have enlisted countless thousands of men. warnen and children of goodwill for the CITY OF HOPE.

#### WHAT CAN YOU DO

The broad program and services of the CITY OF HOPE sequire to

The broad program and services of the CITY OF HOPE country time, for an improve. The higher to save lives is an endless one which manis the wiong possible support.

The philosophy and wank of the CITY OF HOPE make a powerful appeal to the minds, hearts and loyalties of the people of America te provides every person an unique opportunity to realize one 5 fine puncentialities, to the end that all humanity may have a richer and fuller life.

Give as your suspect. Give your best now to save lives. We need your dollars. We need you as part of our family.

Mr. Minar Mohn, Vico President Int. Bretherhood of Tesmetera 25 Lominana Ave. N.W. Weshington, D.C.

Dear Kiners

I hate like the davil to bother you at a time like this while you are preparing for your convention, but something has come up which I think you should know about and which you can clear up in a metter of a fem aimutes.

We have a report from a gal who works for us in Cleveland, saying that \$35,000.00 was forwarded to the National Teamsters office from the Cleveland Teamsters. This sounds very fer fetched to me. First, because that kind of money is unusual from a mid-west city. Second, unions ordinarily forward their contributions direct to the CITY OF HOPE, and third, in the past when such things had occurred your office has issediately notified us and sent the money direct to us. I therafora would appreciate your looking into this end telling me if there is anything to it.

It seems that a san mamed Rose has a daughter who is or was in the CITY OF HOPE and our representative approached his with an appeal for fanda. The above is her version of his answer. I am pretty sure that she has gotten the information all twisted. Will you places edvice.

I want to wish you sll the best in the coming 30 days. Needless to say, you are sy candidate if this is what you would like. Kindest regards.

Cerdially,

Sam Moskowite Metional Labor Director

Mr. Syd Brennen

Dear Friend and Brother:

We understand that a testimonial dinner will be given for Paul Rasmusson, Minnesote Constantoner of Railroads and Warehouses, on Saturday, October 6, 1956 for the benefit of the City of Hope National Medical Center at the Micollet in Minneapolie.

We are pleased that the people of Minnesote have pledged themselves to support this great humanitarian. The Passeters International is proad to have been a sajor support of the City of Hope Program. It believes that this Medical Cantar practices a program of healing, research, and medical education which needs the attention and support of everyone.

We ask all of our good friends and brothers in the Minnesots Labor Movement and environs, and, particularly the Teemster Locale, to support the October 6th dieser for the City of Hope.

We farther recommend that, in your capacity as an International Vice President, you leave no stone unturned to assure the success of this dinner.

Fruternally yours,

TO: MR. DAVE BECK

FROM: SAM MOSKOWITZ

December 7, 1955

As per our conversation, I called Sam Bassett at Seattle yesterday afternoon and he told me the following:

- 1) It was legal to use the Trust Fund as security for the loan.
- 2) He was checking with the accountants to determine an approximate amount of income for next year and each of the following four years. He thought that the income might be a couple of thousand dollars short this next year but he was being very conservative.
- 3) He asked me to get a letter to himself and to Nugent LaPoma from the City of Hope, giving them instructions as Trustees to pay over the earnings of the Trust to the Teamsters Union if this is agreeable to you and if the loan is completed. He is going to be in Los Angeles next Sunday and Monday and thought that we should get together on this, probably late Monday night.
- 4) What should I do next, as Mr. Golter, my boss, was very thrilled that we had reached some basis of understanding and asked me what you wanted from him in addition to this, if anything.

Thank you very much.

It is with real regret that I found it impossible to be with you on this occasios.

Your selfless works of mercy toward suffering meshind will be a constant source of strength and inspiration to all who have wetched the birth and growth of the City of Hope.

Because of your magnificent accomplishments in the field of catestrophic diseases, it is truly a place where man's hopes are nourished. It is my great desire that your philosophy of human dignity and individual worth will continue to receive the eneded support of all our people everywhere.

My warmest good wishes.

Sincerely yours,

DB:ew

DAVE BECK, GENERAL PRESIDENT

#### MEMORANDUM

To: Einar 0. Mohn From: C. M. Rogers Date: June 10, 1955

Subject: Suggested Message from Dave beck to the City of Hope to be sent on July 3, 1955

Your selfless works of mercy toward suffering mankind will be a constant source of strength and inspiration to all who have watched the birth and growth of the City of Hope.

Because of your magnificent accomplishments in the field of catastrophic diseases, it is truly a place where man's hopes are nourished. It is my great desire that your philosophy of human dignity and individual worth will continue to receive the needed support of all our people everywhere.

City of Hope

X Alvitotion

June 7, 1955

Mr. John Annaad, General Organismr International Brotherhood of Teamsters 846 South Union Aveaue Los Angeles, California

Dear Sir and Bother:

City of Hope

Please note the contents of the enclosed photostatic copy of a letter from Charles Kneindler of the City of Hope, and particularly the last paragraph thereof.

The Gener heides has advised Mr. Kmindler that he is use to attend their Convention. It was my thought with no particular plans for the Fourth of July sould certainly be much more satisfacto a message from you than to read one from a printed page. Will you planse let me know how this would fit into your schedule? If, of course, you have holiday plans, we will fofward a written massage over the General President's signature.

With warm regards, I am

Fraternally yours,

EOM DB:aw

Einer O. Mohn.

Warehousemen a Helpers of America
100 Indiana Ave. NW
Washington 1, D. C.

Dear Mr. Back:

On behalf of our Board of Directors, may I extend a cordial invitation to you to address our delegates and gueste on Sunday morning, July 3rd, at our Mational Biennial Convention, which will take place at the Ambassador Hotel, in Los Angeles. More than 1000 delegates and guests from every part of America, attending the Convention, would deem it a privilege to have you among them.

As you are aware, the CITY OF HOPE is a free, nonsectarian, Mational Medical Center devoted to treatment, research, and education of catastrophic diseases -- cancer, leukemia, Hodgkin's disease, tuberoulosis, and operable heart ailments. Our services are rendered in keeping with our philosophy of husan dignity and individual worth.

So that our echedule of events can be arranged in ample time, may we hear from you at your earliest convenience.

If it is impossible for you to be with us on this memorable occasion, we should appreciate a personal message from you indicating your sentiments regarding our work.

Sincerely yours.

Charles Kreindler Mational Chairman

accepts neither the indigent nor the wealthy middle income patients, who do not go to charity words and for whom a severe, long term illuses to a financial disaster.

The City of Hope's leukemts unit comprises 32 he.is, an outpatient department and scattered laboratories, where its chief, Dr. Howard Richard Rieman, and a team of a doorn assistants carry on treatment and research. New Jersey-born, St. Louis trained Dr. Bierman is already a veteran (no 379) of investigation into blood cells, and musething of a maverick among leukemin specialists.

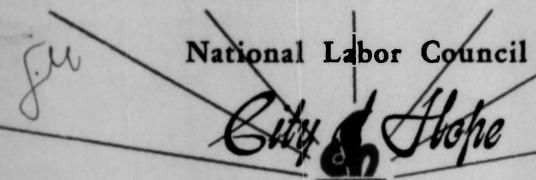

Hope for Control? For almost a centary after Berlia Dr. Rudolf Virchow named leukemin ("white blood") and described it as a proliferation of the white cells, little more was learned about it. Most researchers have tried to find out where the white cells come from, and why. Dr. Bierman thinks this is only one part of the picture, and probably not the most important, because is some forms of leukenia, it is now known, there is no excess of white cells.

Treatment, Dr. Bierman insists, must take into account not only the apparent over-production of white cells, but the whole cycle of production, delivery, removal and destruction. White cells normally live only two to four days. But in some leukemia victims, he has found, the cells may live as long as 100 days. This, in what Bierman calls his "balance hypothesis," means principally that removal and destruction are slowing down somewhere. The phenomenon of overproduction of the white cells may often be an illusion (some normal people manufacture many more white cells than leukemics without suffering ill effects).

It was once thought that the bone marrow worked almost alone as the body's factory for white cells. Now it has been learned that the spices, lymph nodes, thymus and liver also produce them. Paradoxically, most of these same organs (along with the intestinal tract, kidneys and some of the capillaries) are also responsible for destroying the white cells.

So far, Dr. Bierman's research has led to no new treatment. But children, among whom the acute and quickly fatal forms of leukemia are commonent, get relief from such drugs as the folio acid antagonists (Time, Jan. 21, 1952) and 6 mercaptopurise, which interfere with the metaholism of the white cells. Adults, more susceptible to chronic leukemia (which may last 30 years), are helped most by a new British drug, Myleran.

"If we could control the mechanism of white-cell production and destruction," says Dr. Bierman, "we could keep people alive even if we never cured the disease. It would be like disbetes, which is not curable but is controllable."

Einar Mohn, Vice President Teamsters International Union 100 Inciana avenue, N. W. Washington 1, D. C.

Dear Einar:

Many thanks for the cordial reception accorded me at the National Trades Division Conference in Chicago last week. It was wonderful seeing you again after a span of almost two years. As we discussed it, I am asking for official approval for a testimonial dinner in honor of Sidney Brennan, Vice President of the Teamsters international Union in Minneapolis, in the late fall, prefarably the middle of November. This would follow the pattern of tha testimonial dinner for General President Dava Beck held November 12, 1953 at the Ambassador Hotel in Los Angeles.

In conversations with Sidney Brennan held prior to our conversation, I had indicated to Mr. Brennan that I would be in Minneapolis between the first and the 15th of May to discuss this dinner with him.

In accordance with our conversation of clearing with the national office before I work with any of the national officera, I am therefore requesting permission from you to hold such a dinner. I hope this meets with your approval as well as with the approval of General President Beck.

I am sure we do not have to tell you of the work that we do at the hospital and of the great need for funda sa our budget right now is approaching 42 million dollars par year.

Dear Maars

Miretulahe.

Thank you very much for your letter of July 19th telling me that on soon as President Bock returns from Beropm you mill take up with him our problem of fund reising pelicy for the City of Hepe.

I thought you might like to know how we have remiend funds within the confines of other internationals so that if Mr. Bock should sek you how we have worked within those internationals, you would be in a position to tell him. The most desirable method is the combination of a dinner and journal se comployed for the Movember 12th affair in Mr. Bock's homer. A variation on that would be a dinner without a journal, charging a cortain amount of money ever and above the expense of the dinner to insure a prefit on each guest. The usual charge is \$50 or \$100 per plate.

We have received permission from Jeint Boarda and Jeint Councile to go to local unions and circularize the membership on work locations with acrolle to collect, on a voluntary basin, \$1.10 per year for honorary mambership in the City of Hope. This is such the saan technique as is employed by such organizations so Baye' Town, March of Dimes, etc. Another method, but not very effective, is the direct meil method to local unions from the intermational anion head asking for tressury contributions to the City of Hope. If I can supply any further information that will be of any une in your discussions with Mr. Bock, please let me know and I will be happy to send it to you immediately.

C. W. Motthew Woll

I am writing to you now because several of our regional people heve been in touch with me, advising that Teamster Locals in verious parts of the country want to start activities on behalf of the CITY OF HOPE but are awaiting official policy from the national office. Our hands and theirs ere tied until President Beck tells us the manner in which he wishes us to proceed.

I need not tell you how urgently funds are needed to carry on our program of hospital care and research. The Children's Wing, for youngatars suffaring with cancer and leukemia, was officially opened and dedicated last Sunday. Only part of the beds are in use because wm just do not have the necessary funds to carry on this program on a full scale.

Einar, would it be asking too much of you to talk to President Beck and to get from him the green signal so that our people and the Locale can begin ectivities. Please let me have your advice and counsel on this most urgent matter.

Mr. Deve Beck, General President International Brotherhood of Temmsters 100 Indiena Avenua, N.W. Washington, D. C.

Dear Sir and Brother:

In eccordance with our discussion on the telephone, I am forwarding a critten memorandum regarding your giving clearance to Teamsters' Union support of our Indiana cmspaign.

The Indiana State Federation of Labor has endorsed this effort and is actively engaged in mobilizing all affiliated unions behind it. It will be climaxed by a dinner in Indianapolis on April 24th.

Our staff membar has been instructed by us, as directed by you, to stey away from the Teamsters' Unione in that area. Homever, he has informed us that this is creating a difficult situation, since the other Unions are under the impression that the Locele in your International are disinterested. This is particularly embarraceing since, frenkly, we have taken great pride in pointing to the support given by the Teametera' International.

It sould give a tremandous lift to our entire campaign in Indiane if the Teamsters' Unions would participate. Furthermore, it would demonstrate that we have rellied the most influential elamente behind ue.

Please understand that there is no intention of having tha Teameters bear the brunt of this drive; rather is it a metter of anlieting their cooperation on the same level se the other Uniona. Naturally, all funds relaed by the Teamaters in this campaign will be earmarked for the Teemsters' International -- City of Hope Foundation, as will all other funds raised by your affiliated Unions.

FOR IMMEDIATE RELEASE

Governor Craig this week issued a proclamation calling April as the "Children's Leukemis Month" for the City of Hope, the nationally known medical center at Durate, Californie, "where no one pays a bill."

AFL unions throughout Indiana this month are raising funds for the City of Hope, which has been supported the last 40 years by organized labor. The windup of the campaign will be the John Acker-Pat Hess Memorial Dinner at the Claypool Hotel, Indianapolis, April 24.

Both Acker and Hess were victims of catastrophic diseases which the City of Hope is treating and leading the way in research. The Governor's proclamation follows:

Whereas, the City of Hope National Medical Center is on the

eve of opening the Children's Wing of the Leukemia

Hospital at the City of Hope; and,

Whereas, it is the desire of everyone associated with the City

of Hope National Medical Center to participate actively in sharing the support of the Children's Leukemia Wing, which is embodying the concept of ideological, physiological and psychological trestment as

pioneered by the City of Hope; and,

Whereas, Leukemia is fatal to more children between the ages

of one and fourteen than all other diseases combined;

and,

Whereas, the City of Hope is a national Medical Center, special-

iaing in catastrophic diseases, and through healing, research, and medical education, we can prolong these young lives as well as frontally attack the dis-

ease of Leukemia;

Now, Therefore, I, George N. Craig, Governor of the State of Indiana,

do hereby proclaim the month of APRIL, 1954 as CHILDREN'S LEUKEMIA MONTH

for the City of Hope and that individual residents, organizations, and communities in the State of Indiana are urged to participate in support of the City of Hope to help specifically raise the goal of \$500,000 to finance the Children's Leukemia Wing and otherwise aid this humanitarian effort, on the basis of "GIVE -

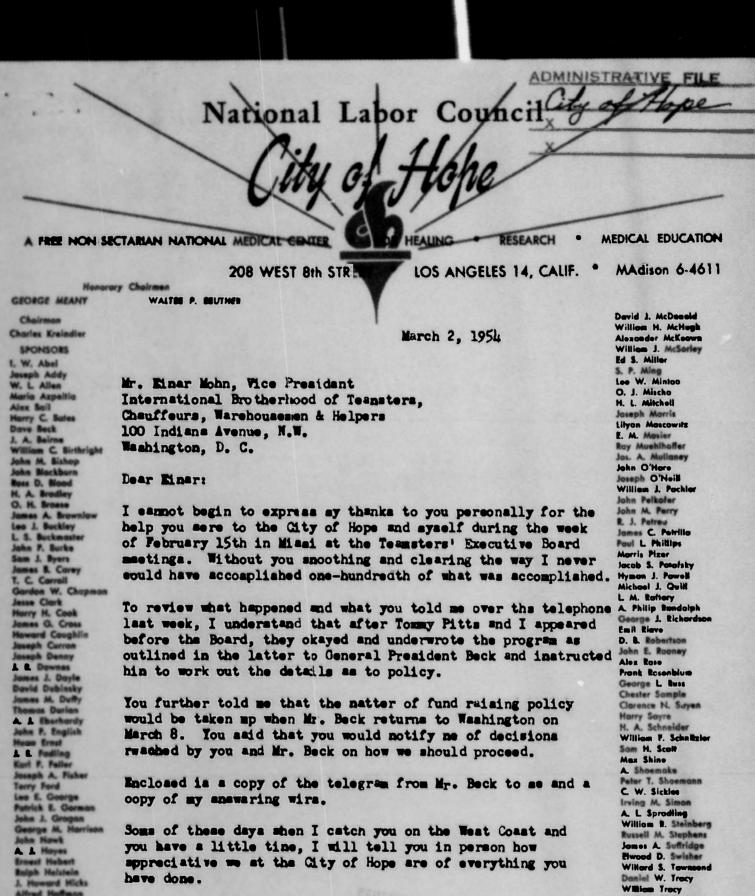

THAT CHILDREN MAY LIVE."

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Indiana, at the Capitol, in the City of Indianapolis, this 1st day of April, 1954.

(OFFICIAL SEAL)

/s/ George N. Craig Governor of Indiana

RESOLUTION NO. 7

CITY OF HOPE MEMORIAL TO PAT HESS AND JOHN ACKER

110

12 23/5

WHEREAS, Organized Labor has long recognized its stake in the battle against the diseases which ravage the bodies and minds of its members and their families, and

WHEREAS, the CITY OF HOPE has created research facilities for original inquiry and research into the causes and cures of catastrophic diseases, seeking answers which may save the lives of thousands of persons in every city throughout the country, and

WHEREAS, in the fraternal spirit of the labor movement, facilities at the CITY OF HOPE are available to patients, not in a sense of charity, but as a matter of social justice, and

WHEREAS, pioneers in the ranks of labor have founded and maintained the CITY OF HOPE, where sufferers from cancer, tuberculosis, lukemia, heart and other major diseases are treated without one penny of cost, and

WHEREAS, a substantial number of International Unions are using the facilities of the CITY OF HOPE for their members and their families, and leading International Unions are giving support to the CITY OF HOPE by endowments as well as providing funds for day-to-day maintenance, and

WHEREAS, the American Federation of Labor and the Indiana State Federation of Labor have endorsed the work and services of the CITY OF HOPE and urged their affiliates to support the programs of the CITY OF HOPE, and

WHEREAS, Brothers Pat Hess and John Acker rendered years of service to the labor movement in the state of Indiana before they were taken from the ranks by the ravages of disease, and displayed particular concern for the health and welfare of the trade union member everywhere, and

WHEREAS, a committee has been formed to perpetuate the memory of our beloved and revered brothers Pat Hess and John Acker.

THEREFORE BE IT RESOLVED that the Indiana State Federation of Labor endorses and supports these efforts to hold a memorial dinner in beloved memory of Biothers Pat Hess and John Acker, the entire proceeds of which are to go to the CITY OF HOPE for an endowment in research, and urges its affiliates to cooperate with and support such a memorial effort for the CITY OF HOPE in memory of Brothers Pat Hess and John Acker.

Signed by the Executive Board of the Indiana State Federation of Labor this 5th day of October, 1953.

## HEADS OF AFL AND CIO ELECTED HONORARY CHAIRMEN OF CITY OF HOPE NATIONAL LABOR COUNCIL

The National labor Council of the CITY OF HOPE announced through its chairmen Charles Kreindler, the election of President George Meany of the American Federation of Labor and President Walter P. Reuther of the Congress of Industrial Organisations as joint National Honorary Chairmen. The heads of the two major labor organisations were chosen to replace their predecessors in office, William Green and Philip Murray respectfully.

In accepting their poats, both Mr.Meany and Mr.Reuther urged continued and expanied support of this national medical center in line with the decisions with the recent national conventions of their organisations. Both the A.F. of L. and the C.I.O., at their 1952 conventions urged strongly that all their affiliates back this national institution.

In accepting, Mr. Meany said, "This great humanitarian institution, built by the faith of men who wholeheartedly believe in the dignity of man, stands as a living monument to that faith.

The fact that the trade union movement has played a large part in building and asintaining an institution that has done so much to alleviate human suffering, will always be to me a source of pride."

Mr.Reuther accepted by saying, "From my own long and satisfying connections with the CITY OF HOPE, I am keenly awars of the ideals which have activated it, as well as its great record of service to humanity on a free and non-sectarian basis. ... The CITY OF HOPE is rightly desarving of the continued, wholehearted support of the trade union accessor."

Mr.Kreindler also revealed that the National Labor Council of the CITY

OF HOPE, which is composed of a hundred Presidents and Secretary-Treasurers

of both C.I.O. and A.F.ofL. International Unions, is now being enlarged.

The following have just been elected to the Council:

I.W.Abel,Sec.-Treas.of the United Steelworkers-CIO; Desmond Walker,Sec.-Treas.

of the United Rubber Workers-CIO; James A.Brownlow,President of the Metal

Trades Department-AFL; Ceptain John M.Bishop, President,National

Organization of Mesters, Mates, A Pilots-AFL; James G.Cross,President,

Bakery and Confectionery Workers International-AFL; Peter T. Shoemenn,

President, United Association of Journeymen, Plumbers-AFL; Ross D.Blood,

Sec-Treas., Marine A Shipbuilding Workers-CIO; and Sem H.Scott,President,

United Stone Workers-CIO.

Mr.Kreindler announced that the National Labor Council is now inagurating a national program for the celebration of the CITY OF HOPE's 40th anniversary.

# PHILIP MURRAY

The City of Hope, long a haven for our workers who have fallen victim to illness, has expanded its facilities to supe cut inheriulosis and other major ailments. We should ally ourselves with this friend of labor and give generously to aid in reaching humanity's greatest goal—health for all."

"In congratulating you upon the marvelous work you have done for the countless sick and convalescent, may I wish for you complete success in this drive, beseeching at the same time all labor organizations in this country to come generously to your assistance and to aid you in reaching your noble goal."

# JACOB POTOFSKY

The City of Hope tion to the nation's whom it has neigh he is to be commended for its magnificent contribu-is health. It deserves the support of organized labor and so generously throughout the years."

# HUGO ERNST

"It is my firm conviction that a hospital such as this which sets the standards of humane and scientific treatment and does so much in the building of a better America, deserves the support of all the people and particularly those who are in the labor increment in this country.

# WALTER REUTHER

The City of Hope is a great trade union enterprise. As a pioneer in co-operative medical care, the City of Hope has saved thousands of workers families from being swept under by financial disaster. The work of the City of Hope must move forward. It merits the active interest and support of every trade union and worker's family. of workers fami

# PATRICK E. GORMAN

Labor interest in the City of Hope is both humanitarian and a result of self-interest. This free, non-sectarian medical center which takes care of needy union brothers and sisters who become ill with the dread diseases of tuberculosis and cancer, is fully entitled to our wholehearted support.

Sponeors' Committee (In Fermation)

Mr. Eiser Mohn Tesastere Usien Taylor St. Leuis 10, Mc.

Dear Mr. Molaskyt

The City of Hope eill present an acard to Mr. Harold J. Gibbons, President of the St. Louis Labor Health Institute, in recognition of his contributions to health and welfare program for the employees of industry, at a dinner on bahalf of the City of Hope, to be sponsored by both labor and management at the Hotel Jefferson, St. Louis, on September 20, 1953.

Honorable Thomas C. Hennings, Jr. and Honorable Stuart Symington, United States Senators from Missouri, have accepted the Honorary Co-Chairmanship of the dinner, the entire proceeds of which will go to the City of Hope.

We are inviting you to join with us in sponsoring this affair. Mr. Gibbons is well-known not only for his guidence of the Labor Health Institute, but also for his civic and community activities. He is Director of the National Warehouse Conference of the Teamsters Union, Sacretary-Treasurer of the Central States Conference of Teamsters, and leads Teamsters Joint Council He. 13 and Local No. 688. We feel confident that you will want to join with other civic, labor and business leaders in sponsoring this affair.

We would regard it as a privilege to list your name on the Sponsors' Committee. Joining this coamittee entails no obligation. Invitations are going to press shortly, and we would appreciate a prompt reply in the enclosed envelope.

Many thanks for your oo-operation.

Sincerely yours,

John I. Rollings, Pres.,
No. Federation of Labor

## No Patient Ever Paid a Bill in This Hospital

By Graham Berry

DUARTE Cal. March 7 (AP). MAGINE a busputel where the Cout rule is so pullent that the bil!

The City of Hope is flourishing on just such a fantastic fiscal pol-icy. In fact, in 40 years the insti-tution has grown from two tents on five dusty acres to a \$10,000,-000 hospital and research center landscaped grounds covering

ted. None of the thousands patients and ex-patients some quiring years of treatment, ever is received a bill. How does the institution which and to spend \$2,500,000 dollars

s year stay in business'

Forty per cent of its mency is mated by manufacturing asso-ations, unions and fraterial oractions, unions and fraterial or-mizations. Sixty per cent is sized by the City of Hope's 205 chapters' scattered throughout he nation. These groups comprise total of nearly 200,000 Ameri-ans inspired with the humani-urian idea behind the hospital.

You have an obligation to help

Idealistic? The City of Hope is fortunate to have an executive lirector who knows how to put dealism to work. Vigorcus 63-rear-old Sam Golter is a dedicated man who readily admits, "My life, my religion, my whole interest is the City of Hope."

There are no race, creed, color or nationality restrictions at the City of Hope. A Korean has been treated here. So have Eskimos. lians and a turk. But the vast ross-section of America.

If you are wealthy enough to say the cost of treatment, the

tal will refer you elsewhere.

PALMS LINE A MAIN WALK AT CITY OF HOPE HOSPITAL, DUARTE, CALIF, WHERE SOME PATIENTS NEVER WANT TO LEAVE.

If your income is moderate or you qualify for the understandably long waiting list.

"We don't want the patient to

become pauparised by illness," Goiter explains. "The City of Hope believee in preceiving the family and the home." If necessary, the hospital helps find jobs for mem-hors of the patient's family or perhaps arranges a visit with him.

There are no wards at the City of Hope. Rooms bave one, two or three bads. Many rooms have tele-vision sats. Each bed has a pair of earphones through which patients may listen to risasical or papular music and other pro-

grams niped from the public address senter, called station Kthope. Picturee on the pastel-shaded walls are changed every month to provide variety. Meals are ardered from menus.

IF A PATIENT needs glasses or dental care, oculists and dentists provide them. If he requires surgery, a psychologist conditions him. He is moved to the surgery building before the operation so he may become acquainted with its doctors and nurses and with patients who have undergone similar surgery.

For convalescents there is an

auditorium showing the latest movies free twice weekly, a chapel offering Jewtsh, Protestant and Catholic services, an occupational therapy building where patients can even make clothes for their children, a large library and a co-operative shop owned and op-

erated by patients.

No wonder some patients don't want to leave. Often it's neces-sary to prepare them psychologi-cally to return to their jobs. If they can't go back to strenuous employment, they are taught new

nays to make a living.

The City of Hope was started in
1912 to help care for the many

"consumptives" who came to Southern California for the warm. dry climate. Some were penniless and collapsed on the streets. A group of citizens passed the hat, set up tents on the desert and the City of Hope was born.

THE SANITARIUM struggled along, getting deeper in the red. Twenty-eeven years ago it retained Sam Golter for three months, free, to try to straighten its finances. This he did. He's been here ever since-on salary-raising millions of dollars for the City of Hope with this simple sales talk.

"You need to help others for a aelfish reason. It gives you spiritual actisfaction. It nour-

ishes your spirit."
It's not much like the usual commercial but it has produced amazing results-a steady flow of dimes and dolisrs raised by the chapters from dances, dinners and dues and substantial contributions from interested organisations. The international Ladies Garment Worhers Union donated a \$300,000 building

Thousands were raised at a re-cent "telethon" produced in Hol-lywood by film stars Jack Carson, John Hodisk, Abbott and Costello and a host of others. One of the chapters, the ex-patients' league of Los Angeles, is a big money-

About the future? The board of directors already is planning facilities for 700 patients, additional research and eventually a post-graduate medical college. The number of out-patients grad-ually will be increased from 20 to 100 per day.

And expanding with its physical facilities is the hospital's idea which all staff members, petients and visitors feel: man's highest goal is to help his fellows.

THIS OUTSTANDING ARTICLE WAS SENT BY THE ASSOCIATED PRESS TO MORE THAN 3500 NEWSPAPERS. IT WAS ALSO READ INTO THE CONGRESSIONAL RECORD OF MARCH 9th.
